

CHILD ATHLETES TO HOLD BIG CARNIVAL

Schoolboys by the Hundred to Compete for Athletic Honors at Celtic Park.

The extraordinary total of 1,200 entries have been received for the contests in the elementary schools' novice classes under the direction of the Public School Athletic League at Celtic Park to-morrow afternoon. The games will begin at 1:30 P. M. sharp.

The following is the list of events (classified according to weight) which will be contested:

80-Pound Class—Fifty-Yard Dash, 30-Yard Relay (four boys in a team, each to run 30 yards).
60-Pound Class—Fifty-Yard Dash, 30-Yard Relay (four boys in a team, each to run 30 yards).
40-Pound Class—Fifty-Yard Dash, 30-Yard Relay (four boys in a team, each to run 30 yards).
20-Pound Class—Fifty-Yard Dash, 30-Yard Relay (four boys in a team, each to run 30 yards).

The prizes will be gold, silver and bronze medals awarded to those finishing first, second and third, respectively. In each event, in addition to the above prizes there will be awarded to the school scoring the greatest number of points the New York Athletic Club Trophy, and to the school winning the heavy-weight relay the Richard Webb, Jr. Relay Trophy will be presented.

The entries received for these are the largest in the history of the Public Schools Athletic League. There have been received to date 1,124 individual entries, 163 substitute and 189 relay teams.

One hundred and fifty-four boys have entered for the running broad jump, the largest number of competitors that has ever been received for an event of this kind in the history of athletics. Arrangements have been made to allow four boys to jump at the same time, which necessitated the digging of three additional jumping pits in different parts of the grounds so as to allow all the spectators a chance to see the boys perform.

Two thousand tickets have been distributed in the elementary schools and have been sold at ten cents apiece. The proceeds go to the purchase of the athletic leagues of the respective schools. A music will be furnished during the afternoon by the band from Public School No. 25, of Richmond, Staten Island.

The New York and Queens County railroad companies have arranged to give free rides to the spectators. The trains will leave the city at 10:30 A. M. and return at 6:30 P. M. The trains will stop at the following stations: Grand Central, 42nd Street, 34th Street, 23rd Street, 14th Street, 5th Avenue, and 125th Street.

PICKS UP A LIVE WIRE; IS KILLED

Dangling Trolley Feed Cable, Highly Charged, Causes Carey's Instant Death.

Patrick Carey, of No. 260 Seventh Avenue, Jersey City, was crossing the West Shore tracks to-day at the North Hudson trolley road crossing when he saw a dangling wire on the ground. He picked it up and was instantly killed.

The wire was a broken feeder of the trolley line and heavily charged. It rolled itself about its victim, set his clothes afire, seared the flesh from his hands and arms and ate its way into his bones as he writhed in its death dealing coils.

Menemen who were repairing the break saw Carey deliberately grasp the wire. Before they could shout a warning he was in its grasp. No attempt could be made to rescue him until the wire was snipped off. Carey's body was taken to Hughes's Morgue.

BRIDGE APPROACHES TO BE DECIDED UPON

East Side Association Will Adopt Scheme for Blackwell's Span.

The Executive Committee of the East Side Improvement Association to-day sent out the announcements of a general meeting of the organization to be held at 8 o'clock Monday night in Terrace Garden. It is expected that there will be a large turnout, as important matters are upon the programme for discussion.

The association will on this occasion enter into a detailed discussion of the approaches to the new Blackwell's Island Bridge, both at the Manhattan and Queens Borough ends of the structure.

It is proposed to have the organization officially go on record in regard to this important public improvement, which is being delayed in a manner most expediting to the residents of the localities affected by the bridge. The association has taken in many new members during the last few weeks, and is working in perfect harmony with the forty allied civic organizations of Queens.

FOUR GAS VICTIMS SAVED BY MILKMAN.

Russian Girls Had Turned Tap Off and On Again and Nearly Killed Family.

Four persons, one a baby, were overcome by gas at No. 140 First Avenue early to-day. The rear first floor flat on the big tenement is occupied by the Gochendans. With them are staying the Greenburg sisters, Annie and Grace, who have been in this country from Russia only a week.

When the two sisters went to bed last night Mrs. Gochendans showed them how to turn off the gas. Early to-day the milkman called and when he came to the Gochendans' flat he kicked in the door and found the Greenburg girls, Mrs. Gochendans and her one-year-old son unconscious.

The women and the baby were all revived after a surgeon from Flower Hospital had worked over them for half an hour.

The Greenburg girls had turned the gas off and then on again.

Our great annual reduction sale of Kuppenheimer suits at nearly half price.

TO those men who insist upon wearing the best of clothing this is welcome news, for Kuppenheimer's ready-to-wear suits are worn by the most particular dressers everywhere, and the custom tailors who try to equal them are obliged to ask double the prices. The saving is very marked during a sale of this kind, for the regular Kuppenheimer suits, always the most economical when judged by the highest standards of quality and style, can be bought to-morrow at a trifle more than half.

It's one of the largest clearing sales we ever had. Our lines were made larger than usual to start with, and were further increased by liberal orders right up to the past ten days, so there's been no chance for criticism. DANNY DEEVER SHOT BY THE PRINCESS PAULINE

Danny, Savage Numidian Lion, Resented Accidental Wound Inflicted by Fair Trainer of Wild Beasts.

Accident or design newly caused a tragedy in the animal arena during the evening's performance at the Fernald Wild Animal Exhibition at Brighton Beach Park. One of the trainers, known as Princess Pauline, accidentally sent a bullet into the forehead of Danny Deever, one of the largest of her group of African forest lions. The animal was on her in a moment, knocked her down, and but for the speedy interference of the keepers who were back of the big doors with their pistols, the Princess Pauline would never have entered another den of wild animals.

It was at the finish of her act, and she had been putting what is known as the mixed group through their paces when the accident happened. In this group there are two lions, two tigers, two leopards, two hyenas and a panther. It is the custom of all animal trainers when the act is over to discharge a revolver, thereby causing the animals to make a more hasty exit than they ordinarily would. The Princess fired her revolver as usual when the act ended, but the chamber was loaded and the bullet found its billet in the big lion's head.

Col. Fernald's veterinary will administer an anesthetic and try to get the bullet. It is only a few weeks since the Princess Pauline was badly mangled in the neck and her arms nearly chewed off at Col. Fernald's winter quarters in Toledo by one of her hyenas, who are the most ferocious beasts in the colony's collection.

STABBED SELF TO DIE.

Patrick McMenamin, of No. 129 Bridge Street, was taken to the Brooklyn Hospital early to-day with a stab in his stomach and a second stab in his throat. It is said that he attempted to commit suicide. The chances are that he will die. McMenamin was a watchman in a brewery and is fifty years old.

"Knocked Down!"

To "knock down" a piece of antique furniture, an Oriental carpet or rug, a painting, a piano, etc., means, vernacularly speaking, to dispose of it at public auction at some ridiculously low figure.

This "knocking down" process is going on every day in various parts of New York, and you would like to save money in making purchases of this kind. The World's "Auction Sale" announcements will Tell You Where to Do It!
